**LINE 510 - SERVICE QUALITY STANDARDS AND CONSUMER PROTECTION  
RULES COMPLIANCE**

Delcambre Telephone Company complies with applicable service quality standards and consumer protection rules as required by the state regulatory commission and the Federal Communications Commission.

The rates, terms, and conditions under which the Company operates are outlined in its Local Exchange Tariff, which is approved by the state commission. The Company's tariff contains provisions regarding its customer service and protection practices, including resolving disputes with the Company, applying for service, the classification of business and residential rates, deposits, billing and payment for service, refusal, disconnection and cancellation of service. The tariff is available for customer review in the Business Office, as requested. Rates and terms of service are disclosed to customers upon application for service both verbally and in writing as part of a packet of information for new customers. Rates, applications and certain terms of service are also available on the Company's website.

Service quality standards are established by the state commission and the Company consistently meets or exceeds the standards and provides reports to the state commission, in accordance with the state commission's rules.

The protection of customers' privacy and information is of utmost importance and the Company has a policy and established operating procedures that comply with the FCC's Customer Proprietary Network Information (CPNI) rules (47 C.F.R. §§64.2001-64.2011). Certification of the Company's compliance with CPNI rules and a description of the Company's operating procedures that ensure compliance are filed at the FCC annually.

**LINE 610 - ABILITY TO FUNCTION IN EMERGENCY SITUATIONS**

Delcambre Telephone Co, LLC (Delcambre) is capable of operating in emergency situations. Standby power generators are supplied at the central office, repeater sites, and video headend to ensure functionality without external power until such power is restored.

Delcambre is not capable of rerouting traffic around damaged facilities. These facilities that carry TOLL and internet traffic meet in Delcambre's central office and belong to AT&T, therefore, we are dependent on AT&T for rerouting. Delcambre is capable of repairing or replacing damaged facilities owned by Delcambre. These include copper and fiber cable, utility poles, as well as network routers needed for the recovery of services. Although recovery may not be immediately after such an emergency, there is a restoration plan in place for an expeditious recovery of services when the emergency has passed and it is safe for the needed repairs to be completed.

**INDEPENDENT ACCOUNTANTS' REVIEW REPORT**

To the Board of Directors  
Delcambre Telephone Co., L.L.C.  
Delcambre, Louisiana

We have reviewed the accompanying balances sheet of Delcambre Telephone Co., L.L.C. as of December 31, 2012 and 2011, and the related statements of income, members' equity, and cash flows for the years then ended. A review includes primarily applying analytical procedures to management's financial data and making inquiries of Company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements. We believe that the results of our procedures provide a reasonable basis for our report.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

As disclosed in Note 1 to the financial statements, accounting principles generally accepted in the United States of America would require the Company to consolidate its financial statements with its wholly owned subsidiary Delcambre Cellular L.L.C. The Company's management has informed us that the Company is reporting the investment in its subsidiary using the cost method of accounting.
